

Dear Christmas For Our Troops,

I want to thank you for myself and all my soldiers for your kindness. We have really enjoyed your packages, especially since there was something for everyone in your excellent package. My gumers especially liked the Bone Snakes for the 50cals. I believe my junior enlisted are the biggest winners. Not only were you kind enough to send Sandy, etc but also all the little comforts that many of us miss.

As a native Texan, who has family in Midland, I want to thank you again from myself and on behalf of my soldiers. Your support is critical to the troops morale, especially during the Holiday Season. You are all Great Americans and I salute you.

Kind regards
MAJ William Montgomery
