

Dear west TEXANS,

Thank you for all the great stuff u sent us and for the support. I really appreciate what u all do for us. IT'S awesome to know that we aren't forgotten during this holiday season and that there are people that care enough to write us to let us know that. it was a ~~surprise~~ when I came back in and found a box of goodies on my bed. it felt nice and made a horrible day a good day. I know during this holiday which is supposed to be spent with our family and friends it's nice to know that u have us in your minds. I wish I could repay you for your kindness and generosity that u spent on us that you could have spent on your families. And for that I am forever grateful!! and to know that little kids support us makes me even more happy! I'm glad that I'm here protecting people like you. And the time spent here was for a good reason. That you all can spend this holiday safely with your families. Thank you again and HAPPY HOLIDAYS!

PFC. Rothland
