

13 DEC 08

Dear Sir or Ma'am,

I want to thank you for the wonderful care package that you sent to me that was filled with such wonderful goodies. I can use everything that is in the package, but my favorite thing is the Christmas ball ornament. I will always remember where that ornament came from and who sent it. Many of the items in the box I've ended up sharing with several of my friends, and they say to tell you thank you as well. You're so thoughtful and generous, and I appreciate what you've done for me so very much. I hope that you all have a wonderful Christmas and a happy New Year!

May all your Christmas dreams
come true.

Love,
Shannon
