Christmas for our Troops,

Thank you so much for the box I received today. It came just in time for Christmas. Today is 22 Dec 09 and it is a good day. This is the first care box I received that I can use just about everything in it. I love the knife, the things to clean my weapon with, the cards from Jeff French, Kynclate, Hunter, Barbara & Ginger, thank you so much. Thank you to "A knife for a soldier, Mr. Pipes I love it. To the veterans of foreign wars, thank you for my love stone from home, it was blue my favorite color, and I will carry it with me. I just want to thank everyone who contributed to the box that was sent to me and to the rest of the soldiers. You don't know how much we appreciate your thought and time in putting these boxes together.
