ARMY STRONG

Dear CF&T MIDLAND,

04 JAN 2011

Just before Christmas I received a care package from your organization. Being that I have lived in Midland and currently reside in Big Spring, TX I was intrigued to receive a package from so close to home. In the care package I was surprised to find such wonderful gifts. I would like express my deepest gratitude and sincerest thanks for two items in particular. The SWAT knife was incredible and probably the most valuable and coveted quality gift I have received from any organization, you guys are a cut above the rest. Thanks.

I would also like to thank for the book I received, "Golf's Sacred Journey." Golf is one of my few passions living in West Texas, along with my family. I read it cover to cover and it touched me very deeply. I loved the story about golf but even more so about life. It has made me look at my goals and achievements in a new light and look to my wife and 3 daughters as true "winning" achievements.

I will never forget this book and the impact it has made, on my life. For this, thank you!

Respectfully,
SSG Shawn
