Sgt. Perez,

*So sorry I missed your call. I had run out for some lunch but would much preferred to have spoken to you than eaten the burritos I fixed. I am pleased to know Santa found you and you got some enjoyment out of the goodies we sent. Please know that hundreds of people worked to make it possible to send boxes to you and many other guys and gals serving so far from home. People back home truly care about you guys and wanted you to know that we appreciate all you do on our behalf.*

*Stay safe, God Bless,*

*Scott*
