Dear Scott,

My daughter talked to Josh last night and they had received half of the packages. They were thrilled. They said that these were THE Best packages they have ever received from any source back home.

They were particularly impressed by the real-world consideration of their needs--- as in the useful additions to the usual fare of personal care products....they LOVED the gun-cleaning supplies!

I knew you would want to know.

Thanks so very much, once again!

Merry Christmas to you and yours.

Lauree

Dear Mr. Davis,

Yesterday I sent in my son-in-law's (Joshua Wyatt) APO address and added 34 nameless, fellow troops for Christmas packages.

Thank-you for this program.

I plan to help on Dec.7, but if there is anything that I could do beforehand, please let me know. I can't do heavy lifting, but I am a really good organizer.

Sincerely,

Lauree Hinz
