

1/2/2017

Dear Christmas For Our Troops,

Thank you so much for the packages you sent to me & my platoon - all of the gear & food was very popular & much appreciated. Every morning I drink my coffee from the mug you sent - proudly displaying "Midland, TX" to everyone at our position. Also, the knife you sent is used constantly throughout the day, from cutting rope to opening my "MRE's".

I'm sorry it's taken me so long to write back. The packages arrived on Christmas Eve night, but then I couldn't find where I wrote down your address, and it took me a while to get access to a computer. The hot chocolate you sent made Christmas away from home a little better.

Things are going well here, much better than they were 18 months ago. Hopefully, we'll keep making progress so that the Afghan government can take care of the fighting down here.

Christmas for Everyone

Thank you so much for the
 changes you sent to me & your
 photos - all of the gear & food
 was very popular & much appreciated. Every morning I
 drink my coffee from the mug
 you sent - probably displaying
 "Richard, TX" to everyone at work.
 Also, the knife you
 sent is used constantly throughout
 the day, from cutting traps to
 opening my "MRE's".

Tim saw it takes me so long
 to write back. The packages
 arrived on Christmas Eve night,
 but then I couldn't find what
 I wrote down your address, and
 it took me a while to get access
 to a computer. The hot chocolate
 you sent made Christmas away from
 home a little better.

Things are going well here,
 much better than they were
 12 months ago. Hopefully, with help
 making progress so that the
 government can take care of the
 fighting down here.

Scott Davis
CFO
P.O. Box 10544
Midland, TX 79702

again, thank you for your
on behalf of my platoon. It
means a lot to know that
my hometown has our backs.
While we're over here.

Michael Wood
