UNCLASSIFIED

I just wanted to send a Thank You letter out. I'm out here at Afghanistan and couldn't tell you enough how much it means to know that there are so many people back home that care about us and what we are doing out here. There are so many organizations that support us and we are all very thankful. These are the little things that we don't normally get here and they mean just as much to us when we receive them as they do to all of the senders out there that donate their time and effort to make sure that we know there are people back home who care about us.

I received a colt knife, a coffee mug and a two dollar bill that I'll keep with me and give to my son when I get back home. Just a quick bio on the unit, we are a UH-60 MEDEVAC unit based here in several locations across Afghanistan. Our unit is a combined TX/OK National Guard unit that is made of everyday citizens from their respective states and we all appreciate your unwavering support.

I've got to admit that everytime I see this type of commitment from our country and who we represent back home, I am that much more humbled and committed to completing my mission here. Thanks again for everything you do. We are all very proud to serve here and know we represent a grateful and blessed nation. On behalf of C Co. 2-149 GSAB, and everyone else serving here in Afghanistan, thank you from the bottom of our heart.

Very Respectfully,

CW2 Brian Thacker
