Christmas For Our Troops -

Thank you very much for the warm Christmas wishes and the care package. Its good to know, most of all, that we aren't forgotten back at home.

Im sorry this thank you is so delayed. We were inundated with packages over the holidays and while each one is special, its taken a bit to catch up on thank you's.

We're - thankfully- getting ready to go home! Your support and thoughtful ness has been a huge blessing during our deployment!

Thank You Again
