Good Afternoon Scott,

My name is SSgt Luis A Repreza and i received 8 care packages from your organization. I am a platoon Sgt our here and will pass on the goodies that came out in your care packages. I mail system out here is very slow as it can take a month to receive packages. We are more then thankful for the support that is given to the troops out here. Please give our thanks to the many volunteers that help this program out.

My Marines and myself are grateful for everything American do for us over there. Once again thank you for everything.
