Good Morning Sir or Ma'am,

I would like to convey my appreciation of your organization and their support of my Soldiers. The Soldiers enjoy getting the care packages, which increases the morale and helps when they need some cheering up. It's the little things like your name on the mail board that puts a smile on their faces. We faced a rough fighting season, a lot of stress and working non-stop on the missions at hand.

I just wanted to send my thanks and thank your personnel who used their own time, money and efforts to create those packages for my Soldiers.

Thank you again.

V/r,

CPT Susan D Fuchs
Alpha Company Commander
173d Brigade Support Battalion (ABN)
